COVID– 19 Pandemic Update

We would like to take a moment and thank our members for their cooperation during the pandemic. It is our goal to remain open while following proper procedures to ensure the safety of our members, staff and the community.

Lobby & Drive-Up - Due to the recent increase of COVID-19 cases, we are asking our members to continue to use our drive up window for transactions and avoid the lobby if possible. In our lobby, please remember wearing masks and social distancing is required.

Loan & Mortgage Dept. - We encourage our members who wish to apply for a loan to apply online through our website. However applications may be completed over the phone and in our office with prescheduled appointments. This is to ensure we have a loan processor available.

New Year... More Money!

Here a few easy way to increase your savings in the New Year!

1. **Pay in Cash**—this is the easiest way to start saving money. By paying for goods and services in cash as opposed to your debt or credit card, you have to take a moment and think about just how much you are spending and can you really afford it.
2. **Skip the Coffee Shop**—instead of spending \$5 a day on a latte from the coffee shop, dust off that coffee pot and pick up your favorite coffee roast and flavored creamer from the grocery store.
3. **Less Eating Out**—by packing your lunches and preparing more meals at home you will be spending less money and most likely eating much healthier!
4. **Plan a Staycation**—vacations are fun, enjoyable and expensive. Why not try a vacation at home. Plan day trips, take packed lunches to the park with kids, and declutter old toys and clothes. You could even have a tag sale for unused items.
5. **Make a Shopping List**— making a list helps from making unnecessary purchases. This does not just apply to grocery shopping, if you take the time to write down what you really need and not want, you will be surprised the money you will save.
6. **Unsubscribe from Emails & Delete Shopping Apps on Devices**—by clicking unsubscribe from sales emails and deleting shopping apps, there is less temptation and ultimately less money spent. It is nice to save 30%, but would you have spent money at all if you had not received an email or notification?
7. **Cancel Subscriptions**—are you watching Netflix, Hulu, Disney+ and Amazon Video Channels? Do you actually use your Apple, Pandora or YouTube Music apps? At an average cost of \$10-\$15 a piece—cancelling one or all will save you money!
